

**MOUNTAIN SPA METALJKA CAJNICE**

|                             |  |
|-----------------------------|--|
| <b>Project title</b>        | Mountain Spa “Metaljka” in Cajnice   |
| <b>Sector</b>               | Tourism sector, Spa, Rehabilitation  |
| <b>Location</b>             | Cajnice Municipality   |
| <b>Location description</b> | Cajnice Municipality is located in the southeastern part of Bosnia and Herzegovina, near to the border with Montenegro, surrounded by mountainous terrain and dense forest. It is a small, picturesque town located at an altitude of 806 m, offering stunning views and peaceful environment. The Municipality area measures 275 km <sup>2</sup> and the nearest airport to Cajnice is Sarajevo Airport, with the distance of 100 km. Metaljka Mountain, where the Spa is located, is on the border between Bosnia and Herzegovina and Montenegro. Metaljka Mountain is characterized by its moderate elevation, dense forest and rugged terrain. The mountain serves as a natural border between two countries, making it a point of interest for travelers exploring the region.  |
| <b>Project background</b>   | The Mountain Spa „Metaljka“ was used as a sanatorium by King Alexander. The Municipality has also carried out a project for the rehabilitation and improvement of the river bed Vrelo, whose implementation includes also the construction of bus station, parking facilities, parking garage as well as a promenade that would be a part of the City Hotel.<br>With the implementation of this project, the touristic offer of the Cajnice Municipality, which focuses primarily on ethnic and religious tourism, will be improved. The area around Metaljka is home to various plant and animal species reflecting the pristine of natural environment. The mountainous climate in Cajnice, which is characterized by clean air, abundant snowfall in winter and mild summers, offers excellent conditions for the development of a ski resort. Metaljka is situated |

|   |  |  |
|---|--|--|
|   | at an optimal altitude and features diverse terrain suitable for the construction of ski slopes and related infrastructure. Unpolluted mountain land and streams, natural environment, beautiful landscape and biological diversity are the most significant factors in attracting tourists.   |  |
| <b>Project status</b>                           | Business idea  |  |
| <b>Project description</b>                      | <p>The intention of the Municipality Cajnice is to create spa treatment for recovery of heart and lungs disease as well as to establish the athlete and sport recovery center. The Municipality is looking for a partner for either as joint venture, public-private investment, lease or sale of existing capacities.</p> <p>There is the possibility for building tourist accommodation facilities on plot of land with an area of 61 000 m<sup>2</sup> which is located at the border with Montenegro, next to the regional road. There is a suitable location for building the ski slopes up to several kilometers long, as well as an adrenalin park.</p> <p>Infrastructure, such water, energy and road on this location is provided. The municipality of Cajnice has already many accommodation facilities which can be also purchased or leased.</p> <p>Efficient local administration offers a business environment with very low taxes and utility fees and will be at the investor's disposal for any requirement and help.</p> |  |
