Mr Asselborn pointed out that Belgium's investments in BiH are low, that the trade with BH is going through Croatia and Slovenia, and that Belgian investors do not know much about the Balkans, including BiH, due to the lack of promotional activities in the field of promotion of this region.

He also noted a record increase in foreign investments in the first nine months of 2017 of 60.6%, or the amount of 630.8 million BAM. This is a record amount in the last few years, when there we had decline in foreign investments. When it comes to making direct visits to foreign investors (Outreach campaign) that were realized in 2017 in Germany and Italy, in 2018, the campaign will be realized in the Netherlands with a focus on the agricultural sector of BiH. It was agreed that the Municipality of Sanski Most prepares new projects for which FIPA will seek foreign investors, and it was emphasized the possibility for organizing an economic event in Germany in 2018 with the aim to attract foreign investments in this area. The meeting also discussed the M&TPP Kamengrad Project.

CONTINUATION OF ACTIVITIES ON THE M&TPP KAMENGRAD PROJECT

Within continuation of talks with the relevant institutions on M&TPP Kamengrad Project, representatives of the China Energy Group visited the Foreign Investment Promotion Agency of BiH (FIPA) in order to seek further support on the way of realization of this investment. The project has full support from all ministries at the level of the Federation of BiH and BiH, with which meetings will be organized in the coming days.

After the signing of the Memorandum of Understanding on 27 November 2017 in Budapest between the Chinese company and the company Lager Posušje which is the owner of the project, talks were held on the technical details of the project.

The final agreement on the realization of the investment should be signed in June at the Summit 16 + 1 and the ministerial conference dedicated to the promotion of trade and economic cooperation between China and 16 countries of Central and Eastern Europe.

FIPA will continue to provide full support to the project, whose value is estimated at 1 billion and 20 million BAM.

INVESTMENT CONFERENCE FOR BIH WILL BE HELD IN TOKYO

The Director of the Foreign Investment Promotion Agency of BiH (FIPA) Gordan Milinić talked with the Ambassador of Japan to BiH H.E. Kazuya Ogawa on the planned Investment Conference for BiH in Tokyo in the first half of 2018, proposed at the recent meeting of the Foreign Ministers of BiH and Japan.

In addition to the FIPA and the Embassy of Japan in BiH, the Embassy of Bosnia and Herzegovina in Tokyo, the FIPA representative in Japan Shigehiko Nishihama and the Foreign Trade Organization of Japan JETRO from Vienna will participate in organization of the event in order to gather as many Japanese businesspeople - possible investors in BiH to who will be presented opportunities for investing.

Considering that there is no registered investment from Japan in BiH, this event represents an excellent opportunity for promoting Bosnia and Herzegovina and changing the current situation in the field of investments. As a result of the visit of twenty Japanese investors to BiH in October 2016, 4 local companies had meetings with Japanese firm Makita from Romania to discuss opportunities for cooperation.

The representatives of FIPA also pointed out that Japanese investments are welcome, because the economy and citizens of BiH have great confidence in Japanese diligence and precision.
